

Internet Technologies: Review

Final Exam

- Date & time & location: please check...
 - Duration: 3 hours
 - Reading Time: 15 mins
 - No materials are authorized, or needed!
 - Similar to midterm in many ways, just longer
 - Less focus on multiple choice questions
 - 60% of final mark
 - Expect 10-20 questions, attempt all questions
-

Exam Contd

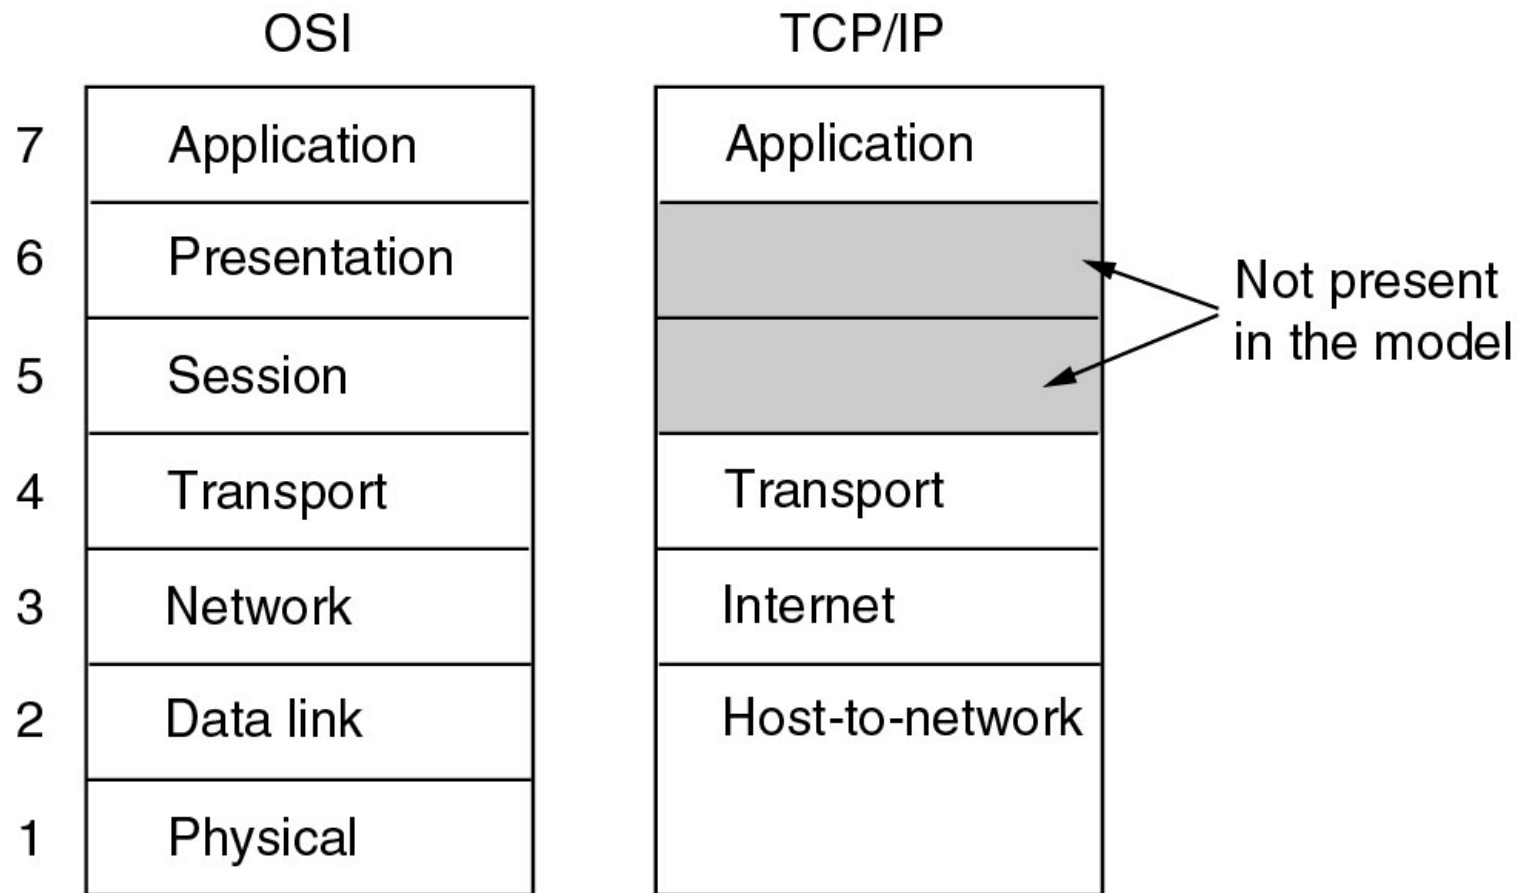

- Covers all material discussed in lectures, tutorials, etc
- Spread across the weeks evenly
- Math questions should not need a calculator
- Tutorial, assignment etc questions are good practice questions
- We have a sample exam online as well based on earlier exam questions (may have slightly different focus on some topics)
- We will have one Q&A session next week as announced!

SES Surveys are now open for giving feedback

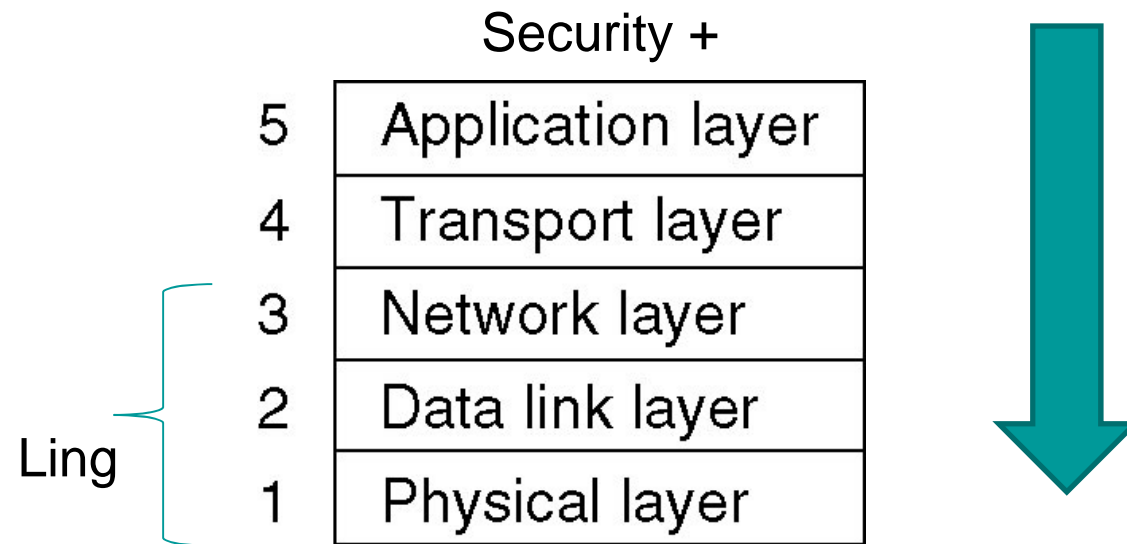

- Please go to the following site for this:
